

Guideline for presentation

Oral presentation

- Presentations are slide-based, with one speaker per presentation.
- Each presenter is allocated 20 minutes, which includes the discussion time, changing presenters, connecting equipment, and setting up materials.
- Please connect your device (e.g., laptop) to the projector available in the oral presentation rooms.
- The projector supports HDMI or RGB connections. Please prepare conversion cables, etc. as necessary.
- A laptop (Windows 11, PowerPoint for Office 365) will be available in each room for oral presentations, if needed.
- If you are unable to bring your own device, you may use this laptop.
- Due to potential compatibility issues, audio output may not be available. Those who wish to output audio are requested to bring portable speakers.

Poster presentation

- Poster presentations allow for multiple presenters.
- The posters should be in A0 format, 84.1 cm (W) × 118.9 cm (H), and pushpins and tape will be provided.
- The data and results presented at the conference may not be photographed, recorded, stored, or reproduced, in whole or in part, without the permission of the presenters or the organizers.

Workshop

- Workshops provide a platform for introducing and experiencing observations and experiments, showcasing teaching materials and tools you have created, and exchanging ideas and opinions.
- Each compartment includes a desk, 270 cm (W) × 60 cm (D), and a panel board, 180 cm (W) × 180 cm (H). Posters and other materials can be displayed on the panel board, and pushpins and tape will be provided.

Poster presentations by junior high and high school students.

- This is a poster-based presentation featuring junior high and high school students, with multiple presenters allowed.
- These poster presentations will be reviewed, and prizes will be awarded for the best presentations.
- The poster must not have been presented at any other conferences or meetings with identical content.
- Other precautions are essentially the same as those described above for poster presentations.
